

Registering Your Clients

We've made it even easier to sign your clients up this year. To register your clients, please use this link:

<https://saagny.org/event-5207227>

Fill out the information with the first and last name of your client, along with the distributor invite information. *(The email address field is a required field in our registration system, but you do not need to include your client's real email address. Any generic email format will work, for example: twa@saagny.com)*. No communication from SAAGNY will be sent to your clients. This link is also completely client safe so you can send it along for your clients to register themselves if you'd like.

Please ONLY use this link to register your clients. Do NOT register your clients as employees of your company. Exhibitors will be unaware that they are talking to end users and may divulge information that is not appropriate for end buyers.

Those registered as distributors will be included on pre- and post-show attendance lists supplied to the exhibiting suppliers. You will be charged double the rate below for any end-user registered as an employee of your company.

Payment For Attendees

You may register as many clients as you like to attend the event, but you will only be charged for the clients that have been verified as in attendance. If the same

client is registered by multiple distributors, the client will be registered to the FIRST distributor submitting their name.

SAAGNY Member Client Cost:

1-9 attendees - \$25 per client

10+ attendees - \$20 per client

(All clients must be paid for using the same credit card to receive the discount - if three people from the same company each bring four clients but pay using three separate credit cards, the clients are billed at \$25 each...if all are billed to one credit card, the cost is \$20 each.)

Non-Member Client Cost:

\$75 per client

Following the event, an invoice will be sent for all verified client attendance.
